Dear Rabbi Shimon Dudai:

We are very appreciative for the food donated by your Synagogue to St. Mary Star of the Sea Outreach Mission. As you may be aware, we are seeing more and more of our local community in need and it was such a blessing that you chose our organization as the recipient of your donation.

The food drive provided St. Mary Star of the Sea, Out-reach Mission with several bags of much needed food.

We consider ourselves very fortunate to be recipients of your willingness to directly assist others in our community who are less privileged and in need.

May God bestow an abundance of blessings upon you and your families.

With warmest regards,

Rev. John C. Baker
Pastor
